InfoScreen Quorum
the premium corporate administration solution

VACANCY

SOFTWARE DEVELOPER

InfoScreen is a software development firm based in Cyprus and is the developer of InfoScreen Quorum; the leading office automation software for the corporate services industry. Due to the rapid international expansion of our company, we are looking for experienced developers to join our team in our Belgrade office.

Job description:

To join our dynamic agile team in a friendly working environment and be responsible for the development of desktop/cloud/mobile solutions for the legal and financial sectors.

Requirements (in order of importance):

- Strong background in Object Oriented languages and Windows application development
- 3-5 years of work experience in developing .NET (WPF and WinForms) solutions
- Passion for programming and technology
- Fluency in English language
- Ability to travel abroad for short periods of time (on request)
- Good interpersonal skills

Required technical skills:

- Proficiency in C# (.NET4)
- Windows Presentation Foundation (WPF)
- WinForms
- ANSI SQL knowledge (intermediate)

Skills considered to be an advantage:

- Experience in Agile working environment (SCRUM)
- Knowledge of C++
- Unit testing framework (NUnit)
- Java web development
- Android/iOS development
- Internationalization (i18n)

REMUNERATION & BENEFITS

An attractive remuneration package will be offered to the successful candidate based on qualifications and experience.

APPLICATIONS

Interested candidates should e-mail their CV. All applications will be treated in the strictest confidence.
